## Annual meeting and reunion

The annual meeting and reunion of the Old Broad Bay Family History Association will be held Saturday, August 6th in the basement of the University of Maine Cooperative Extension, Knox and Lincoln Counties Office, 377 Manktown Road in Waldoboro. Doors will open at 9:00 a.m.; coffee, juice, and muffins will be provided. Parking is available around the back of the building, allowing direct access to the meeting room. Those who do not need direct access may park up front and walk around the building or enter through the front door and proceed down the stairway to the right.

Lunch, to be served between noon and 1:30 p.m., will be a guided potluck. A sign up sheet for the lunch is printed on page 7 of this newsletter as part of the reunion registration form. The keynote speaker will be announced in the next newsletter.

Manktown Road is located on the Lincoln/Knox County & Waldoboro/Warren town line and makes a T intersection with Route 1. There is no street sign, but there is a new, very large sign for the Medomak Valley High School. There is a blue sign for the school along with a white

sign for the University of Maine Cooperative Extension Service on the right side of Route 1 about 500 feet before the intersection.

## Fund raiser dance

Richard Castner is organizing an evening of square, round, and contra dancing with a local band of fiddlers that plays traditional music. This OBB fund raiser will be held at the University of Maine Cooperative Extension, Knox and Lincoln Counties Office and will be open to the public. Details of the event will be published in the next newsletter and in local newspapers. Doors open at 7:00 p.m. with dancing beginning at 7:30. If you don't remember how to swing your partner, come at 7:00 for a quick lesson.

## **Annual Old German Church service**

Services at the Old German Church will be at 3:00 p.m., Sunday, August 7<sup>th</sup>. The service will be in English and German. The church is located on state route 32 about two miles south of the intersection with Route 1. Parking is limited on the grounds of the church and many vehicles park on the road below. There is no electricity in the church so bring your hand-held fan if the weather is hot. Following the service, refreshments will be served outside under the trees by Becky Maxwell and members of the Ladies Auxiliary.

## **Update on the memorial**

Richard Castner has been told by Mr. Fancy of the Waldoboro Utility Company that the Maine Department of Transportation put out to bid the contract for curbing from the bridge up the hill. As soon as the curbing is in, Mr. Fancy will get the drive in. This will most likely be after mud season. It can be anticipated that by May the basic work will be done and we can get started on the landscaping and plans for placing the boulder and memorial plaque.

## **When the time comes, we re looking for green thumbs**

Sandy Stratton has taken on the task of landscaping around the boulder and plaque to be set for those unfortunates who lost their lives in the winter of 1753-54. She is going to donate part of her prized iris collection: German irises of course. She is looking for not only green thumbs to assist and help plan the flower bed but the donation of perennial plants and bulbs, small trees, and bark mulch. She has a truck to haul mulch and is willing to help dig up plants you may want to donate.

This project should be a combined effort, not the effort of one. Please contact Sandy thru the Association postal box or directly via e-mail at [tomandsandy3@netzero.net](mailto:tomandsandy3@netzero.net). We have the chance to make this spot beautiful, but help is needed. See the Fall 2004 issue of the newsletter for details on the project and a map.

## **Finding our Waldoboro ships**

*by Sandy Stratton*

Most of our ancestors worked in the shipping industry in one form or another. Whether they were builders, joiners, riggers, or mariners, they contributed to the building of more than 500 ships. At one time there were as many as twelve shipyards in Waldoboro employing almost everyone in town.

Those ships sailed the high seas for decades, sometimes finding themselves as far from home as Australia. For example, on 16 October 1845 the schooner *Piedmont* (built in 1844) arrived at Corpus Christi, Texas with supplies in aid of Zachary Taylor s encampment. Also, many of our ships are recorded as bringing immigrants to Boston from such far-flung places as Ireland, France, and Germany.

The ships were built by our ancestors buying shares in the ship to finance the venture. When the ships delivered their cargo, everyone shared in the wealth; everyone also shared in the loss when the

ships were damaged or sunk. Many of the ships, at one time or another, were struck by lightning, burning the sails to the deck. I guess we can say we had some courageous mariners in our families. It is a heritage we can all be proud of.

## **Lincoln County newspaper list, an update**

The editor is pleased to be able to give credit to Nancy Giles, County Clerk for Lincoln County, for preparing the original list of newspapers on microfilm which was reproduced in our last newsletter.

Randy Gross has inventoried the original paper newspapers in the vault. As expected, all the newspapers available on microfilm, are present in original form; however, due to their fragile condition, only the microfilms may be used.

## **Lincoln County archival vault update**

The general inventory of the vault was completed in late January and copies of the two reports were given to Marcia Silva, Lincoln County Registrar of Deeds, in early February. The next phase of the project, the detailed inventory, will require several volunteers both in the vault and later at home to do data entry and to check it. Persons interested in helping with this project should send a letter to the Association postal box or an e-mail to the editor at [obbeditor@earthlink.net](mailto:obbeditor@earthlink.net).

Work on the vault inventory has been reported in the Lincoln County News (20 January 2005, p. 12 B), and the Lincoln County Weekly (27 January 2005) as part of the annual report by the Registry of Deeds, and in Marlene Groves' genealogy column in the Rockland Courier-Gazette (3 February 2005). Editor Helen Shaw also presented information on the project as part of her talk on courthouse records at the 8<sup>th</sup> New England Regional Genealogical Conference in Portland on April 1st.

## **Waldoboro Day**

The annual Waldoboro Day festival has been scheduled for Saturday, June 18<sup>th</sup> in the village center. There will be music, food, a petting zoo of farm animals, horse-drawn wagon rides, a parade, boating on the Medomak River, a jazz concert, and fireworks that night. The Waldoboro Day Committee is seeking donations to help offset costs of the event. Checks made out to Waldoboro Day should be sent to Jane M. Dagley, Treasurer, Union Trust, Box 589, Waldoboro, ME 04572. If you have questions, Ms. Dagley can be reached at 1-800-432-0271.

OBBFHA has permission to set up a table at the event. Members who are interested in helping to man the table should send a note to Richard Castner in care of the Association postal box.

## **NEHGS seminar**

The New England Historic Genealogical Society is holding a one day seminar at its headquarters in Boston on May 14. Called *Digging for Your Roots in Northern New England*, this seminar investigates ...many of the distinct genealogical challenges of northern New England by reviewing

the history, migration, records, and repositories of Maine, New Hampshire, and Vermont. You may download a registration form at: <http://www.newenglandancestors.org/download/diggingne.pdf>

### Surname exchange

The surname exchange is a list of OBBFHA members and the surnames they are researching. All the details have not yet been worked out, but we will go ahead with the first submissions. If you would like to contact one of these researchers, please write in care of the Association and your letter will be forwarded.

It has come to our attention that the surname form sent out with the newsletter was a bit more complicated and confusing than it needed to be. Members may submit instead four or five generation pedigree charts such as one finds in most genealogy software. Charts can be downloaded for free from Ancestry.com and from Familysearch.com or purchased from various genealogy supply companies and from vendors at genealogy conferences. Charts will also be available at the reunion.

Please type (or print very neatly) the information and use a highlighter to mark those surnames which are from Old Broad Bay. Documentation for the information on the chart(s) must be provided. It may be typed or printed on the back of the form using the number assigned to each person on the pedigree to link the documentation to the proper person or it may be generated by your software.

## Correction

The editor regrets to report she forgot to change the footer on the Fall 2004 newsletter; it reads "vol. 1, no. 3, Summer 2004" when it should have read "vol. 1, no. 4, Fall 2004". You may wish to correct your copy by hand.

This year we are having a potluck lunch to be held in the same building as the meeting for everyone s convenience. This should make it easier for folks who want to continue sharing family history information while enjoying their meal!

In order to ensure that we have a nice variety, the lunch committee will be assigning each family an item to bring. Please select THREE possible items from the list below and return this form to us ASAP. Someone will get in touch with you and let you know what you have been assigned. We will make every effort to accommodate you choices and give consideration to those who will be traveling the farthest. The Association will provide beverages.
